We all know someone who loves to cook but can't find the time. Now we know what to give them for the perfect gift. A pair of new seasoning blends from Chef Eric Crowley brings the full-flavor of timely meal prep without the time or the mess. Savory Seasonings in Sizzle and Smooth spice up your kitchen for every mood. Feeling like a mellow night? Toss a pinch of smooth, blended from Mediterranean herbs with a pinch of poblano, with your favorite pasta and a splash of olive oil or give fish a good rub before putting on the stove to poach. For a spicy night of seduction, use Sizzle. A complex blend of garlic and

herbs with shiitake powder, orange zest and Thai chile, Sizzle's hint of heat is perfect for spicing up potatoes or parsnips, poultry or pork.
